As part of the annual renewal process the Dispensary shall be inspected by the Building Inspector and Fire Marshall or their designees. Violations of the San Leandro Municipal Code shall be corrected within a reasonable time, as determined by the Building Inspector, Fire Marshal or his/her designee. (b) A Dispensary Permit will not be renewed without payment of the annual renewal fee, as established by the City Council.

4-33-500 - Performance standards.

(a) Operations

A Dispensary shall operate in conformance with the following minimum standards, and such standards shall be deemed to be part of the conditions of approval on the Dispensary's Permit to ensure that its

(1) A Dispensary shall provide the City, the Chief of Police, and all neighbors located within fifty (50) feet of the premises with the name, phone number, facsimile number and email address of an on-site community relations staff person that can be contacted related to Dispensary issues, twenty-four hours a day, seven days a week.

(2) Medical marijuana shall only be distributed by a Dispensary at the property identified and approved as the location for the Dispensary on the Dispensary permit application.

(4) With the exception of security guards, only qualified patients and caregivers shall be allowed inside of a Dispensary.

(5) A Dispensary shall not profit from the sale or distribution of marijuana. However, if a qualified patient or primary caregiver has a doctor's recommendation that the above quantity does not meet the qualified patient's needs, the qualified patient or primary caregiver may possess an amount of marijuana consistent with the patient's needs. For purposes of determining the quantity of marijuana, only the dried mature processed flowers of female cannabis plants or the plants conversion shall be considered.

(7) A Dispensary may operate no later than 7pm daily unless it is determined by the City that a later hour will not affect public health, safety, or welfare. A Dispensary is prohibited from operating between the hours that the City determines the Dispensary should close and 9 a.m. the next ensuing day unless further restricted by the City.

(8) Dispensaries shall disclose the percentage level of delta-9 (trans) tetrahydrocannabinol, cannabidiol, and cannabinol in medical cannabis to qualified patients before providing medical cannabis.

(9) Dispensaries shall follow the directions of the City Manager or his/her designee regarding any medical cannabis found to be non-compliant with testing standards. These instructions extend to any medical cannabis found to be unsafe on the basis of such testing results, or to the Dispensary's operations and practices generally.

(10) Representative samples of medical marijuana distributed by a collective or cooperative shall be analyzed by an independent laboratory to ensure it is free of harmful pesticides and other contaminants regulated by local, state or federal regulatory statutory standards. Any medical marijuana from which the representative sample tested positive for a harmful pesticide or other contaminant at a level that exceeds the local, state or federal regulatory or statutory standards shall be destroyed forthwith.

(11) Any medical marijuana provided to collective members shall be properly labeled in strict compliance with state and local laws, regulations and policies.

(12) Dispensaries shall not allow cannabis to be smoked, ingested or otherwise consumed on the premises. The term premises includes the actual building, as well as any accessory structures, parking areas, or other immediately surrounding areas.

(13) Dispensaries shall not hold or maintain a license from the State Department of Alcoholic Beverage Control to sell alcoholic beverages, or operate a business that sells alcoholic beverages. (16) Dispensaries that distribute edible medical marijuana products, including but not limited to drinks, infused water, cookies, candy or baked goods, shall distribute the edible products for the sole consumption by qualified patient members in compliance with all applicable state and local laws, including any requirements of the Department of Health.

(17) All employees responsible for the handling, processing, dispensing, providing and cultivation of marijuana must be members of the Dispensary. Prior to employment, the employee members must be fingerprinted (through a Live Scan) for the purpose of conducting a background check. The purpose is to determine whether the employee has been convicted or plead guilty, plead or was granted entry into a diversion program in lieu of conviction for, or plead *nolo contendere* to the following criminal offenses, or their equivalent if arising out of state:

If the background investigation determines the employee has been convicted of one of the above offenses, the Dispensary shall no longer employ the member as an employee.

(b) Recordkeeping

The Dispensary shall maintain records of its members using only the State of California Medical Marijuana Identification Card number issued by the County or the County's designee, pursuant to California Health and Safety Code Section 11362.7 *et seq.*, or a copy of the written doctor's recommendation, as a protection for the confidentiality of the cardholders. The Dispensary shall track when members' medical marijuana recommendations and/or identification cards expire and enforce conditions of membership by excluding members whose identification cards or recommendations are invalid or expired.
