Presentation on Hearing Health

Thurs. June 30th 9:30 AM – 11:00 AM, Senior Community Center, 13909 E. 14th St.

The Recreation and Human Services Department is hosting a Hearing Health Presentation by Dr. Beth Ehrlich, Au.D and Dr. Kenneth Smith, Ph.D., where they will explain the causes of hearing loss and provide prevention advice. Participants will learn about updates in hearing aids and when to replace them as well as steps needed to evaluate hearing health. The event is free of charge and interested participants are strongly encouraged to register (Course #9119). For more information, contact Customer Service at 577-3462.

Mental Resilience Workshop

Thurs. July 7th 6:00 PM – 8:00 PM, Main Library, 300 Estudillo Ave.

The San Leandro Library is hosting a mental resilience workshop featuring Linda Graham, MFT. Participants will discuss techniques to reduce stress, increase clarity in decision-making and neural flexibility, and revive a sense of competency and connection to others. Ms. Graham is an experienced psychotherapist and meditation teacher who integrates modern neuroscience, mindfulness practices and relational psychology. She is the award-winning author of *Bouncing Back: Rewiring Your Brain for Maximum Resilience and Well-Being*. The event is free of charge and open to the public. For more information, please contact the Library Information Desk at 577-3971.

SAN LEANDRO SCHOOL BOARD VOTES TO PLACE BOND ON BALLOT
Bond proceeds focused on making elementary schools “shining gems” of their neighborhoods

San Leandro, Ca, June 28, 2016 -- The San Leandro Unified School District (SLUSD) Board of Trustees voted unanimously on Tuesday, June 21, 2016, to put a \$104 million dollar bond measure on the November ballot to fund critical school facility upgrades and improvements.

At the board meeting, the School Board approved a facilities plan to be funded by the bond measure. The plan calls for repairing leaky roofs and faulty plumbing and electrical systems; improving heating/ventilation (HVAC) systems; enhancing student safety by updating security lighting, emergency communications, fire alarms and sprinklers; upgrading classrooms, libraries and science labs; replacing deteriorating portables; and adding new facilities and equipment to support instruction in math, science, engineering, arts and technology.

“Deep ties, formed over generations, link San Leandrans to their neighborhood public schools. This bond measure will strengthen these ties by providing \$70 million to renovate and modernize our elementary schools, making each a shining gem of their neighborhood,” said School Board President Vince J. Rosato. “In addition, the bond allocates \$24 million to our middle schools and high school to build upon and extend the modernization work that has been undertaken at these schools. The final \$10 million of the bond measure will be spent on facilities and equipment to support math, science, engineering, arts and technology instruction.”

If passed on November 8, 2016, the district will issue \$103 million at a rate forecasted not to exceed \$36 per \$100,000 in assessed property value. Annual audits and a citizens oversight committee will ensure the funds are spent in accordance with the ballot proposition.

“We are committed to ensuring our students are learning in environments that are safe and supportive. The bond measure will provide our schools the necessary funds to achieve this goal. Many of our current facilities are not adequate to facilitate 21st century teaching and learning and our students and teachers deserve better,” said SLUSD Superintendent Mike McLaughlin, Ed.D.
