## **San Leandro Warming Shelter Information Recreation and Human Services Department**

San Leandro Warming Shelter is located at 1600 Bancroft Ave. (First United Methodist Church) San Leandro, CA 94577. Pre-registration is necessary (see below). The San Leandro Warming Shelter is a joint venture between Building Futures with Women and Children, Alameda County, the City of San Leandro and April Showers volunteers. The purpose of the program is to provide shelter for the homeless men and women in our local area during times of inclement weather.

The Shelter opens the day after Thanksgiving and is targeted to close for the season April 2020. This year, the Shelter is open every Wednesday night this season in an effort to maintain continuity with our guests throughout the winter season. The criteria for opening the Shelter (other than it being a Wednesday night) is that there is a 50% or greater forecasted chance of rain during the night time hours and/or the temperature is forecasted to be 42 degrees or lower during the night.

The Shelter requires that prospective guests pre-register with the Outreach Staff either at an April Showers event (1st, 3rd or 5th Sunday of each month at Creekside Community Church) or at the St. Vincent de Paul Brown Bag Lunch program at The Praises of Zion Missionary Baptist Church (1395 Bancroft Ave. San Leandro). Once registered, guests are given the phone number to check and see if the Center is opening on a given day. That phone number is: 510.924.3787. A recording will provide the weekly schedule and it is updated when the schedule changes.

Services provided by the Shelter include a hot dinner, a warm space to place a temporary bed on the floor, a Relief Bed (therma-rest type of mat covered by a yoga mat, and fleece sleeping bag), a chance to visit with friends, watch movies on TV, receive referrals if requested and leave in the morning with some type of breakfast. There are always two paid Staff on each of two shifts (4:00 p.m. to midnight and midnight to 8:00 a.m.).

The Shelter also provides an opportunity for the Outreach Staff to connect with those homeless in the area who might qualify for services and help them obtain these services. This includes access to medical care, mental health care, referrals to various forms of financial and food aid as well as a potential connection with housing.
