

REGULATIONS FOR PAINTING CURB FACE NUMBERS

1. All work shall be done in accordance with the Standard Specifications for Public Works Construction, the "GREENBOOK", the most current edition and all supplements thereto, adopted by the Southern California Chapter of the American Public Works Association and the Special Provisions (Technical Specifications) thereto adopted by the City.
2. An Encroachment Permit is required.
3. Minimum size of letters and background are shown above.
4. Numbers shall be black upon a white background.
5. Traffic paint meeting the current Caltrans specifications or approved equal shall be used.
6. Numbers shall be painted on the vertical curb face.
7. Organization intending to paint curb face must submit proof of non-profit status to the City Engineer.
8. If the organization intends to distribute notices to individual homes or businesses, said notices shall be submitted to the City Engineer prior to distribution in order to be assured there is no implication that the work is suggested or ordered by the City.
9. Direct contact shall be made with the individual property owners, permission granted, and price established before any work is done.
10. The organization shall correct any errors in the workmanship within three (3) days of notification.
