

San Leandro Crossings Community Meetings

Tuesday, May 1st

2012, 6:30 pm

300 Estudillo Avenue

Main Library (Lecture Hall)

Wednesday, May 2nd

2012, 6:30 pm

15301 Wicks Blvd

Marina Community Center
(Titan Auditorium)

The purpose of the meeting is for interested San Leandro residents and businesses to view and comment on proposed changes to the San Leandro Crossings development, which is an important mixed use, transit-oriented development adjacent to the downtown San Leandro BART Station. The changes include a proposed technology campus for OSIsoft (including 200,000 square feet of new office buildings), modified workforce rental housing from the prior plan, replacement BART parking, and updated access/connectivity for pedestrians, bicycles and autos.
