## San Leandro Downtown Tech Campus

Tuesday, July 23, 2013 - 6:30 pm

300 Estudillo Avenue

Main Library - Estudillo Room

### Please join us!

The meeting is an opportunity for interested San Leandro residents and businesses to view and comment on the proposed “San Leandro Downtown Tech Campus” - a transit-oriented multi-story office development proposal.

The property is located adjacent to and west of the downtown San Leandro BART Station. The proposed project would include a 400,000 square foot, state-of-the art Technology Campus along with enhanced pedestrian, bicycle and vehicular connections.
