SAN LEANDRO BALL PARK LOCKER / RESTROOM REFURBISHMENT PROJECT NO. 2003.0331

BID CLARIFICATION NO. (1)

August 28, 2014

TO: All Prospective Bidders

The following pre-bid questions were received on this project, and their responses are being made available to all bidders:

- 1) *In the "Fixture Connection Schedule" page P0.1 there is no specification for tempered hot or hot water lines, nor is there a "Point of Connection" or any hot water lines shown on the Plumbing Floor Plan page P2.2. Please confirm that there is no hot water supply or piping included in this bid or provide the pipe size and point of connection.*

There are no tempered hot water lines for this project, and therefore they are not shown on the plumbing plans.

- 2) *Sheet A9.1; Detail C1 reads "all FRP panel trim to be "Harmonizing Aluminum" Series; this trim is specific to Marlite Standard FRP Products. Please confirm that Marlite is the preferred manufacturer. The only mention of FRP panels in the specifications can be found in section 102113 – Toilet Partitions and shows the product coming from Special-Lite.*

'Marlite' was the basis-of-design for the FRP wall paneling on this project. FRP is used as a wall finish in the Toilet Rooms per detail C1/A9.1 and the interior elevation sheet A5.1 and A5.2. It is also a part of the Toilet Partition assemblies made by 'Special-Lite'; per specifications 10-2113. At the current time, no equal is known for the 'Special-Lite' partition panel system. FRP wall paneling has been added to the Interior Finish Carpentry Specification Section 06-2023 in Addendum 1.

- 3) *What license / certification requirements are required for the asbestos abatement work?*

Asbestos abatement work shall require the appropriate licensing requirements per page A1.7 of Attachment A of the Specifications.

Note that no revisions to the contract documents were needed to address the above questions. Any contract revisions are issued separately as an Addendum document to the project.

Stephen H. Cassidy, Mayor

City Council:

Pauline Russo Cutter

Jim Prola

Michael J. Gregory

Ursula Reed
