METAL AREAS CHECKLIST – page 15 of 21

Surface – “Door Frame and Jamb” Should be check-marked to “**Include**” it was inadvertently left blank. These areas are to be prepped and painted.

Clarification to specifications for bid 07-08.010

During the pre-bid meeting yesterday, the painting of the rear masonry perimeter fence was brought up, and mentioned as being an addendum item. It is not. This part of the work is covered in **Section 4 – Exterior Paint Schedule, Masonry Perimeter Fencing**. Mr. Contreras has informed me that the length of the fence section to be painted is approximately 250’.

A limited number of **exterior elevation plans** are available at the Finance Office, 2nd Floor of San Leandro City Hall, 835 E. 14th Street, San Leandro, CA 94577, for those contractors interested in obtaining one.
